AREA DI RICERCA SCIENTIFICA E TECNOLOGICA DI TRIESTE - AREA SCIENCE PARK

PUBLIC NOTICE ON THE COMPETITIVE SELECTION PROCEDURE FOR THE RECRUITMENT OF NO. 3 EXPERTS IN THE FOLLOWING SECTORS: I) AGRO AND BIO-ECONOMY, II) TRANSPORT & MOBILITY, III) ENERGY & ENVIRONMENT; WITHIN THE FRAMEWORK OF THE PROJECT "OIS-AIR – ESTABLISHMENT OF THE OPEN INNOVATION SYSTEM OF THE ADRIATIC-IONIAN REGION"

PUBLIC NOTICE C3/2019

Area di Ricerca Scientifica e Tecnologica di Trieste - Area Science Park (hereinafter also "Area Science Park" or "the Body") is announcing a competitive selection procedure for the recruitment of no. 3 experts in the following fields: i) Agro and Bio-economy, ii) Transport & Mobility, iii) Energy & Environment. The three highly qualified experts will be recruited as Senior Technical Experts to chair the three transnational Thematic Boards founded within the framework of the project "OIS-AIR – Establishment of the Open Innovation System of the Adriatic-Ionian Region", which aims at launching the Open Innovation System of the Adriatic-Ionian Region.

Such activity is a part of the framework of the OIS-AIR Proof of Concept Call, a transnational Pilot Action to enhance the results of scientific research coordinated by Area Science Park, and it is functional to the evaluation of the Joint R2B Innovation Project.

The present assessment procedure takes place notwithstanding the provisions of the "Rules for the stipulation of self-employment contracts", approved by Resolution of the Board of Directors of 30th January 2019, no. 6, without having preliminarily established the objective impossibility to employ the internal human resources of the Body, by virtue of what expressly stated in the document "Proof of Concept Call - Terms & Conditions / Proof of Concept Call Regulations", specifically in art. 6 (Evaluation criteria and selection of beneficiaries of the Innovation Vouchers), as approved with Resolution of the Board of Directors of 18th September 2019, n. 66.

ARTICLE 1 – DESCRIPTION

The abovementioned procedure is aimed at selecting no.3 highly qualified experts who will chair the three transnational Thematic Boards in the following sectors:

i. Agro- and Bio-economy;
ii. Transport & Mobility;
iii. Energy & Environment.

In particular, the three technical experts will have to chair the three thematic commissions carrying out the following tasks:

- evaluate the project proposals, according to the criteria described in the "Proof of Concept Call - Terms & Conditions", as detailed in Article. 6 (Criteria for evaluation and selection of beneficiaries of Innovation Vouchers) of the document "Proof of Concept Call - Terms & Conditions";

- coordinate the evaluation phase of the Boards composed by six technical experts, as identified by the Project Partnership among internal staff;
- define the ranking of the proposals for each Thematic Commission;
- compare the results of the evaluations of the three Commissions and draw up a unique, final ranking of the project proposals which will be awarded of the ten Vouchers available under the "OIS-AIR" project.

The activities will be carried out in a virtual environment, through on-line connection from remote, with dedicated access to the platform INNOVAIR (https://www.oisair.net/).

ARTICLE 2 – TERMS OF CONTRACT AND COMPENSATION

The experts selected through the procedure under this notice shall be appointed as consultants with an expected starting date being October 21st, 2019 and a term expiring by October 31st, 2019.

The compensation for the activities under article 1 will be proportional to the number of project proposals evaluated, at the rate of euro 75.00 for each proposal. In any case, the compensation for each expert shall not exceed euro 4,350,00, net of any social security contributions owed by the Body. VAT shall be added to such amount at the rate prescribed by the law, if applicable.

The compensation is intended to include any other expenses incurred by the expert in the performance of his or her tasks.

The renewal of the appointment under this notice is not permitted. Any extension shall be exceptionally allowed exclusively to complete the tasks and not owed to delays ascribable to the expert, without affecting the amount of the compensation above.

ARTICLE 3 – PERFORMANCE OF THE TASKS

The activities under article 1 shall be personally performed by the three experts, with coordination among them, and in liaison with the management of the Innovation and Complex Systems Service of Area Science Park and reporting to it with regard to the progress of the activities, based on the time frame specified in article 1 and agreed upon with the said management.

ARTICLE 4 – ELIGIBILITY CRITERIA FOR THE COMPETITIVE PROCEDURE

The eligibility criteria for applicants in the procedure under this notice are the following:

1. being a citizen of a member state of the European Union or a citizen of another country;
2. to enjoy full civil and political rights;
3. not having criminal convictions and not being the subject of individual orders concerning the application of preventive measures, civil decisions and administrative measures registered in the criminal record;
4. not being subject to criminal proceedings;

5. holding a Bachelor's degree or master's degree or a degree obtained within the Italian "*Vecchio Ordinamento*" university system or an equivalent academic qualification obtained abroad in disciplines related to: (i) Agro- and Bio-economy, (ii) Transport and Mobility, (iii) Energy and Environment, or alternatively: having obtained a PhD in disciplines relating to: (i) Agro- and Bio-economy, (ii) Transport and Mobility, (iii) Energy and Environment;
6. having at least five years postgraduate experience in professional or research activities at universities or qualified public/private research bodies, organizations or centers, in the fields of (i) Agro- and Bio-economy, (ii) Transport and Mobility, (iii) Energy and Environment;
7. not being an employee or collaborator of the Universities, Research Centers and SMEs participating in the Proof of Concept Call or of the OIS-AIR project partners (Area Science Park, University of Basilicata, National Chamber of Economy of Croatia; Belgrade Technology Park; Ljubljana Technology Park; Ministry of Finance and Economy of Albania; Hellas Centre for Research and Technology);
8. having excellent knowledge of the English language;
9. having good knowledge of the main Office applications and availability of a PC and of a stable Internet connection to perform the work from remote;
10. being available to sign the contract by October 21st, 2019 and perform the related tasks by October 31st, 2019.

ARTICLE 5 – EDUCATIONAL AND PROFESSIONAL QUALIFICATIONS

The following educational and professional qualifications of the applicants admitted to the procedure shall be subject to the competitive evaluation:

A. level of relevance and duration of positions at universities or qualified public or private institutions, organizations or research centers, or at other private institutions or companies;
B. responsibility for national or international scientific and technological projects, eligible for funding on the basis of competitive calls for proposals and/or management of research and development contracts, in the following areas: (i) Agro- and Bio-economy, (ii) Transport and Mobility, (iii) Energy and Environment;
C. evaluation activities of national and international projects.

ARTICLE 6 – SELECTION METHODS

The competitive selection shall be made by an evaluation committee specially appointed for the purpose and shall be based on the educational and professional qualification criteria. In particular, the correspondence of the qualifications and skills of the applicants with the required educational and professional qualifications of the position advertised shall be taken into consideration.

First, a list of applicants who submitted their application within the deadline shall be compiled. Then, the absence of causes of incompatibility between the members of the evaluation committee and the candidates will be verified.

Subsequently, the committee shall proceed with the admissions of the applications based on the admission requirements, and then evaluate the educational and professional qualifications of the applicants admitted.

Overall, the committee may assign up to 100 points in the evaluation of the educational and professional qualifications as specified by each applicant in their application and CV annexed to such application, according to the following criteria:

- Criteria A (art. 5, par. A): level of relevance and duration of positions at universities or qualified public or private institutions, organizations or research centers, or at other private institutions or companies;
- Criteria B (art. 5, par. B): responsibility for national or international scientific and technological projects, eligible for funding on the basis of competitive calls for proposals and/or management of research and development contracts, in the following areas: (i) Agro- and Bio-economy, (ii) Transport and Mobility, (iii) Energy and Environment;
- Criteria C (art. 5, par. C): evaluation activities of national and international projects.

The committee shall provide the details of the criteria adopted in the evaluation of the educational and professional qualifications above, as deemed necessary and useful, prior to reviewing the declarations pertaining to such qualifications and the CVs of the applicants.

In order to be evaluated, applicants may submit lists of references, contracts, abstracts of their relevant works and publications.

The contract will be awarded to the applicant who has obtained the highest overall score, in any case not lower than 70/100.

Should a single valid application for each of the three Thematic Commissions be submitted, the Director of the Innovation and Complex Systems Department may assign the contract through a direct award procedure, on condition that the applicant meets the admission criteria and the educational and professional qualifications requirements as per this notice.

Should the candidate who ranked first in the final list not accept the assignment or in the event of a failure whatsoever to award the contract to such candidate, the Body may select another expert from the ranking list, at its sole discretion. The Body reserves the right to carry out checks on the truthfulness of the statements contained in the applications for participation in the procedure, in the CVs and in any other documentation submitted.

ARTICLE 7 – APPLICATION AND DEADLINE FOR SUBMISSION

Applicants must submit their applications to *Ufficio legale e Segreteria di direzione dell'Area di Ricerca Scientifica e Tecnologica di Trieste - Area Science Park, Padriciano 99, 34149 Trieste*, by registered email with return receipt or by hand delivery or sent by equivalent IT means (personal certified email - PEC) to the address protocollo@pec.areasciencepark.it **at the latest by October 15th, 2019**, otherwise the applications shall be excluded from the selection procedure.

Please be informed that the Registry Office (*Ufficio Protocollo*) is open from 8.30am to 12.30pm, Monday to Friday, and from 2.00pm to 4.30pm on Tuesdays and Thursdays.

Applications must contain the declarations as per the template annexed to this notice and include a professional CV of the applicants, which should highlight the educational and professional qualifications meeting the requirements of this notice, as well as any other element which applicants may deem interesting for their evaluation. A photocopy of a valid ID of the declarant must be enclosed to the aforementioned declarations.

Should the application be submitted by registered email with return receipt or be delivered by hand, the envelope must clearly bear the following wording in Italian: "***Procedura di valutazione comparativa per titoli per la selezione di n. 3 esperti altamente qualificati nei settori: i) Agro e Bioeconomia, ii) Trasporti e Mobilità, iii) Energia e Ambiente – Settore _____[1]- Avviso n. C3/2019***" *["*Public notice on the competitive selection procedure for the recruitment of no. 3 experts in the following sectors: i) Agro and Bio-Economy, ii) Transport & Mobility, iii) Energy & Environment – Sector _____ – Public notice C3/2019, translation provided only for intelligibility purpose[1]*].*

Should the application be submitted by personal certified email (PEC), the subject of the email message must likewise contain the following wording in Italian: "**Procedura di valutazione comparativa per titoli per la selezione di n. 3 esperti altamente qualificati nei settori: i) Agro e Bioeconomia, ii) Trasporti e Mobilità, iii) Energia e Ambiente – Settore _____- Avviso n. C3/2019[1]"** *["Public notice on the competitive selection procedure for the recruitment of no. 3 experts in the following sectors: i) Agro and Bio-Economy, ii) Transport & Mobility, iii) Energy & Environment – Sector _____ – Public notice C3/2019, translation provided only for intelligibility purpose[1]].*

Regarding the applications submitted by personal certified email (PEC), you are advised as follows.

Applications may be submitted by sending a personal certified email (PEC) to the certified email address of the Body. Applicants using personal certified emails (PEC) must comply with the following instructions to obtain a guaranteed official filing and the exact match of the attached annexes within the official filing.

1. Applications and the relevant annexes sent to the Body's certified email address (PEC) can only be sent from the certified email address (PEC) of the applicant, not from accounts of any third parties. Indeed, only in this case are applicants identified by the IT system with their access credentials for their personal certified email accounts (PEC), as specified in article 16bis of Legislative Decree no. 185 of 2008, converted by Law no. 2 of 2009. Applications and annexes sent pursuant to the abovementioned law are equivalent to applications and annexes signed in their original copies before an employee in charge of the procedure;

[1] *Please indicate which sector you are applying for: i) Agro and Bio-Economy, ii) Transport & Mobility, iii) Energy & Environment.*

2. Certified email notices (PEC) can only be sent to the certified email address of the Body, not to personal or professional email accounts. Only eligible notices sent to such address shall be officially filed, i.e. they shall be formally accepted by the Body. The overall size of the relevant annexes sent to the official certified email address must not exceed 5MB, to ensure smooth operation of the system and effective filing. Annexes to certified email notices must be in PDF format so that they cannot be altered. Scanning of the documents is not advisable, as it implies a larger size of the files;

3. The message containing the proof of delivery of the certified email notification to the Body's server, also including the identification code of the message, is evidence that the notification has been received at the Registry Office (*Ufficio Protocollo*); the sender shall check that the message has been successfully delivered.

Only foreign citizens not domiciled in Italy and Italian citizens domiciled/living abroad may optionally send their applications and any relevant annexes—in a non-editable PDF format bearing a digital signature or a handwritten signature on the original—from ordinary email accounts to the certified email account (PEC) of the Body, to the address: protocollo@pec.areasciencepark.it, specifying in the subject: "**Procedura di valutazione comparativa per titoli per la selezione di n. 3 esperti altamente qualificati nei settori: i) Agro e Bioeconomia, ii) Trasporti e Mobilità, iii) Energia e Ambiente – Settore _____- Avviso n. C3/2019[1]"** *["Public notice on the competitive selection procedure for the recruitment of no. 3 experts in the following sectors: i) Agro and Bio-Economy, ii) Transport & Mobility, iii) Energy & Environment – Sector _____ – Public notice C3/2019, translation provided only for intelligibility purpose[1]].*

Evidence of the validity of the submission of the application is the delivery date of the email, which must be received at the Body's certified email account **at the latest by October 15th, 2019**, otherwise applications shall be excluded. Applicants using this submission method shall receive an e-mail confirming the receipt of the application. The maximum size of the applicant's email message, including annexes, should not exceed 5MB. If the application cannot be signed digitally, the winning candidate must validate their application by signing it manually before signing the actual contract.

If applicants have sent their applications by certified email (PEC), the Body is entitled to use such certified email (PEC) in the course of the procedure and send any notice to the certified email account (PEC) of the applicant.

The signature in the application is not subject to authentication. A non-authenticated photocopy of a valid ID of the applicant must be attached to the application. Should the applicant send his or her application using their certified email account, he or she is not required to sign the document and attach a copy of their ID.

Applications received after the deadline shall not be taken into account.

For this purpose, only applications delivered by hand at the Registry Office (*Ufficio Protocollo*) of the Body or delivered by registered mail with return receipt **at the latest by October 15th, 2019** shall be considered valid; the stamp and the date of the Registry Office shall serve as proof.

In the application, under their own responsibility, the candidates shall provide a declaration on the following:

- personal details, place and date of birth, address of residency, telephone number, email address, Italian taxpayer code and VAT number (only if applicable);
- to be an Italian citizen or a citizen of a member state of the European Union or a citizen of another country;
- to enjoy full civil and political rights;
- not to have any criminal convictions and not being the subject of individual orders concerning the application of preventive measures, civil decisions and administrative measures registered in the criminal record;
- not to be subject to criminal proceedings;
- to hold a Bachelor's degree or master's degree or a degree obtained within the Italian "*Vecchio Ordinamento*" university system or an equivalent academic qualification obtained abroad in disciplines related to: (i) Agro- and Bio-economy, (ii) Transport and Mobility, (iii) Energy and Environment, or alternatively: having obtained a PhD in disciplines relating to: (i) Agro- and Bio-economy, (ii) Transport and Mobility, (iii) Energy and Environment;
- to have at least five years postgraduate experience in professional or research activities at universities or qualified public/private research bodies, organizations or centers, in the fields of (i) Agro- and Bio-economy, (ii) Transport and Mobility, (iii) Energy and Environment;
- not to be an employee or collaborator of the Universities, Research Centers and SMEs participating in the Proof of Concept Call or of the OIS-AIR project partners (Area Science Park, University of Basilicata, National Chamber of Economy of Croatia; Belgrade Technology Park; Ljubljana Technology Park; Ministry of Finance and Economy of Albania; Hellas Centre for Research and Technology);
- to have an excellent knowledge of the English language;
- to have a good knowledge of the main Office applications and availability of a PC and of a stable Internet connection to perform the work from remote;
- to be available to sign the contract by October 21st, 2019 and to perform the related tasks by October 31st, 2019.
- to have read this notice and accepting its conditions in full.

ARTICLE 8 – COMMITTEE AND RANKING LIST

The committee shall consist of three members plus a secretary and be appointed by the Innovation and Complex Systems Service Manager. The committee shall formulate a ranking list based on the

decreasing order of the points assigned to candidates based on the sum of the evaluation of the educational and professional qualifications as per article 5.

The Director of the Innovation and Complex Systems Department shall adopt the documents containing the ranking list produced by the committee by a specific measure. Such measure shall be made available in the public domain by uploading it on the Body's website as well as on its online register (*Albo Informatico*).

Such ranking list may be used to assign further similar tasks in the future, should the need arise.

All the information, the amendments and the integrations relating to this notice shall be published on the same web page of the Body and on its online register (*Albo Informatico*).

ARTICLE 9 – SIGNATURE OF THE CONTRACT

No later than **October 21st, 2019** the winning candidate shall be invited in writing to sign the contract with the Body relating to the performance of the tasks as per article 1 of this Notice.

ARTICLE 10 – PROCESSING OF PERSONAL DATA

Pursuant to article 13 of the Regulation (EU) 2016/679 (General Data Protection Regulation – GDPR) and in relation to the personal data provided by candidates in the selection procedure or in any case acquired by Area Science Park, please be informed of the following:

1. Identity and contacts of the data controller – the personal data controller is Area di Ricerca Scientifica e Tecnologica di Trieste – Area Science Park, with registered headquarters in Trieste, Padriciano, 99. Applicants, in their capacity as data subjects, may contact the data controller by writing to the address above or sending an email to the following email addresses: urp@areasciencepark.it – certified email: protocollo@pec.areasciencepark.it.
2. Contacts of the Data Protection Officer – Area Science Park has appointed a Data Protection Officer pursuant to article 37 of the GDPR, who can be contacted by writing to the following email address: rpd@areasciencepark.it.
3. Purpose and legal basis of personal data processing – the data shall be processed in order to establish, manage and terminate the relationship with the expert. Such operations shall include but is not limited to: fulfilment of the obligations arising out of the applicable legislation or the individual contract, payment of the fees, planning of the tasks, individual or collective exercise and enjoyment of the rights and benefits connected with the assignment or the termination of the same.

   In addition to personal data, fiscal data and other common data, the processing shall also cover—within the limits in which it shall be necessary to comply with the obligations established by law, EU regulations and legislation—sensitive and/or judicial data of the expert identified analytically in Schedules A, B and C of the Regulation for the processing of sensitive and judicial data of the Body, adopted with Presidential Decision no. 4 of 14 July

2006 and published in Gazzetta Ufficiale della Repubblica italiana, General Series, of 4 August 2006, no. 180, and shall take place in fulfilment of the obligations and tasks provided for by the regulatory sources on the basis of which the processing is carried out.

The legal basis of the processing of personal data is found in the rules governing the establishment, management and termination of employment relationships of any kind, either dependent or self-employed, even unpaid or part-time or temporary, and other forms of employment that do not involve the establishment of a subordinate employment relationship, as well as in article 9 of Legislative Decree 381/1999 and in article 3 of Legislative Decree 218/2016, which assign statutory autonomy to Area Science Park and govern the content of its Statute, which in article 3, paragraph 2, letter l) authorises the Body to carry out all useful actions for the attainment of its institutional aims.

4. Recipients and categories of recipients of personal data – The personal data being processed may be transferred to the following subjects: pension, social security and healthcare institutions legally entrusted by the State; insurance companies selected for specific risk coverages; credit and/or financial institutions for the payment of salaries and fees; Institution bodies, including supervisory ones; bodies providing services in relation to the organization of conferences, meetings, courses; holders of the right of access and subjects involved in various capacities in the institutional activities of Area Science Park. With specific regard to sensitive and judicial data, it may be disclosed to the subjects and for the purposes identified by the aforementioned Regulation for the processing of sensitive and judicial data of the Body. Personal data may be transferred to third countries or national and international organizations based abroad, however on condition that an appropriate level of protection of individuals is guaranteed. The data may also be disseminated by publication on the Board of the Body and on the website of Area Science Park. Only with the express consent of the consultant can photographs and video footage showing him or her be disseminated through the press or promotional material on the activities of Area Science Park, as well as through other publications, websites and dedicated portals, television, radio, social media and other media.

5. Period of personal data retention – The data processed shall be retained for the period necessary under the current legislation on archives, applicable to public bodies, with the exception of any authorization for disposal.

6. Rights of the data subject – In relation to his or her personal data, applicants may exercise the following rights:
   a. right of access to personal data;
   b. right to rectification of the data or restriction of processing;
   c. right to object to the processing;
   d. right to data portability (right applicable exclusively to data in an electronic format), as per article 20 of the GDPR;

e. right to lodge a complaint with a supervisory authority.

Please note that to exercise the rights referred to in letters a) to d) applicants may send an email to the following address: rpd@areasciencepark.it. Area Science Park is required to provide a response within one month from the request. That period may be extended to three months, taking into account the complexity of the subject matter.

7. Compulsory or optional nature of data submission and consequences of a failure to provide personal data – The submission of your personal data is mandatory to participate in the competitive procedure and for the signing of the related contract when applicable; therefore a failure to provide such data may preclude the aforementioned activities.

ARTICLE 11 – PERSON RESPONSIBLE FOR THE PROCEDURE

The person responsible for the competitive procedure under this notice is the Director of the Innovation and Complex Systems Department, Mr. Stephen John Taylor.

Any information can be requested to Ms. Gaia Monteleone, mail: gaia.monteleone@areasciencepark.it, tel. +39-040-375.5112.

ARTICLE 12 – ANTI-CORRUPTION RULES

According to the Law of 6 November 2012, no. 190 ("Provisions for the prevention and repression of corruption and illegality in public administration") the employees who have exercised authoritative or negotiating powers on behalf of public administration bodies over the past three years of service cannot perform—for three years following the termination of their employment contract with a public body—any professional or work-related activity at the private parties beneficiaries of the public administration activities carried out through the powers such employees have exercised. Any contracts signed and any assignments conferred in violation of this provision shall be void. Private parties signing such contracts or conferring such assignments shall be barred from entering into contracts with public administration bodies for the subsequent three years, being additionally obliged to return any compensation received and certified relating to such acts. Based on the provisions above, the person to whom the position of consultant shall be assigned shall be required to provide a specific declaration on the matter.

ARTICLE 13 – FINAL PROVISIONS

In any case, Area di Ricerca Scientifica e Tecnologica di Trieste - Area Science Park reserves the right to cancel or revoke this procedure in whole or in part, extend the terms thereof, or not to proceed with the assignment, also in relation to the financial resources necessary for such purpose. Any claim on the part of applicants in this regard shall be rejected.

The completion of the procedure shall be announced within three months of the expiry of the deadline for the submission of applications.

The name and curriculum of the expert in charge, the object and duration of the assignment and the related fee will be published in the Transparent Administration section (*Amministrazione Trasparente*) of the institutional website of Area Science Park, pursuant to Legislative Decree no. 33/2013. The contract, completed with the express acceptance by the person in charge, will become effective fulfilled the publicity obligations provided by the aforementioned legislation.

For anything not expressly provided for in this Public Notice, reference is made to the laws and regulations in force.

Any dispute arising out of or in connection with this procedure shall be subject to the exclusive jurisdiction of the Court of Trieste.

Trieste, October 1st,2019

Mr. Stefano Casaleggi
