Subject: Pro-Ukraine initiative – Notice of call for expressions of interest for two 12-month training/research grants published by Area Science Park

Target group: residents or persons domiciled in Ukraine before 24 February 2022

Provider: Area Science Park, Trieste - Italy

Area Science Park is a national research institution founded in 1978 under the aegis of the Italian Ministry for Universities and Research (MUR). The institution's main lines of work are: managing a scientific and technological hub in Trieste, generating business, developing research infrastructure, researching genomics and data science, harnessing scientific results and supporting business. The Area Science Park network provides high-level scientific and technological infrastructure for use by the national science and production industry: from the Elettra Sincrotrone light machine and the Genomics and Epigenomics Laboratory – facilities dedicated to analysing DNA and RNA sequences and genotyping – to the new Orfeo Data Center, providing advanced computing and data analysis services. Area Science Park also works on national and international projects harnessing scientific research and transferring technology to promote innovation. It coordinates the activities and partners in IP4FVG, Friuli Venezia Giulia's digital innovation hub, and a candidate for becoming a European Digital Innovation Hub.

Area Science Park, as a research institution under the aegis of the MUR, is willing to provide concrete help to residents or persons domiciled in Ukraine before 24 February 2022 by providing two training/research grants with a focus on research in specific areas of work identified by the institution (please see the "Areas of work related to the institution's activities" section for details).

Training and research will be carried out on-site at Area Science Park.

Requirements for responding to the call for expressions of interest

- Be a resident or domiciled in Ukraine before 24 February 2022
- Be 18 years of age or older on the date of sending the expression of interest
- Be B2 level or above in one of the following two languages: Italian or English

Requirements

- Anyone submitting an expression of interest must have completed at least one cycle of technical level III higher education according to the Ukrainian education system. Priority will be given to technical/scientific and statistical/economic fields.

Information on the training/research grant

- Duration of the training/research grant: 12 consecutive months at Area Science Park
- Value of the training/research grant: up to a maximum of € 16,200.00 (the details will be set out in the call for applications to be published on Area Science Park's website following the call for expressions of interest)
- Accommodation is provided at Area Science Park's on-site facilities at the Padriciano campus (Trieste, Italy)
- Personalised support will be offered by Area Science Park's Welcome Office for managing the administrative procedures for staying in Trieste

Areas of work related to the institution's activities

1. **Genomics and data management**
    - Scientific data management and Fair-by-Design approaches to genomic data science
    - Data engineering approaches for automating genomic pipelines
2. **Digitalisation and artificial intelligence**
    - Development of virtual-reality-application use cases and 3D modelling for remote navigation of technological facilities and buildings
    - Development of a virtual collaborative environment based on spatial platforms for remote training and demonstration activities
3. **Mobility, sustainability and business innovation**
    - Industrial symbiosis
    - Smart, sustainable mobility
    - Analysis and definition of a business-creation and acceleration model

How to submit an expression of interest

To submit an expression of interest, please fill in the form available on Area Science Park's website and send it together with a signed CV no later than the deadline of June 19th 2022, 11.59 pm.

Processing of personal data

This policy information is provided pursuant to Article 13 of Regulation 2016/679/EU (General Data Protection Regulation or "GDPR") in relation to the personal data provided by filling in the form for submitting an expression of interest, as referred to in this notice, complete with the data subject's CV.

1) Identity and contact details of the data controller - The data controller of personal data is *Area di Ricerca Scientifica e Tecnologica di Trieste – Area Science Park*, based in Trieste, Padriciano, 99. The people to whom the personal data provided refers, in their capacity as data subjects, may contact the data controller by writing to the above address or by sending an e-mail to the following e-mail addresses: urp@areasciencepark.it – certified e-mail address protocollo@pec.areasciencepark.it.

2) Contact details of the data protection officer - A Data Protection Officer has been appointed at Area Science Park pursuant to Article 37 of the GDPR and can be contacted at the following e-mail address: rpd@areasciencepark.it.

3) Purpose and legal basis of data processing - The purpose of personal data processing is to:

- gather expressions of interest for two 12-month training/research grants published by Area Science Park and manage the related procedure (in this case, pursuant to Art. 6(1)(e) of the GDPR, processing is based on the performance of a task of public interest vested in the data controller in relation to the institutional purposes set out in Art. 3(1)(e) of its statutes, on the basis of which Area Science Park *"carries out – including through its own programmes for allocating scholarships and research grants – training as part of university courses, particularly doctoral studies, post-graduate training and lifelong learning programmes* – omitted –)";
- contact participants to inform them about other similar initiatives and send them information, promotional material or other institutional communications, including according to their areas of interest (in this case, pursuant to Art. 6(1)(a), processing is based on the data subject's consent).

4) Recipients and categories of recipients of personal data - The personal data collected will only be shared with suitably authorised and trained Area Science Park staff and/or any appointed data processors. Data subjects may request the full list of these data processors from the data controller at any time. Without prejudice to any communication and dissemination of these data in execution of legal obligations and orders by the authorities, the processed data will not, under any circumstances, be communicated to third parties without the prior consent of the data subjects and will be disclosed only in anonymous and aggregate form so as not to allow any identification of the data subject.

5) Data retention period - The personal data entered on the form for submitting an expression of interest and provided in the CV will be used for the purposes indicated in point 3 and stored for a period of thirty-six (36) months, after which time they will be permanently deleted or made permanently anonymous. The data subject's e-mail address may be used for sending institutional communications until such time as they object.

6) Rights of data subjects - With reference to their personal data, data subjects may exercise the following rights: a) to access personal data; b) to rectify or delete personal data or limit the processing of personal data; c) to object to the processing of personal data; d) data portability (law applicable only to data in electronic format); e) to lodge a complaint with the supervisory authority. It should be noted that to exercise the rights referred to in a) to d), data subjects may send an e-mail to the following address: rpd@areasciencepark.it. Area Science Park is required to provide a response within one month of the request. This term may be extended up to three months in the event of particularly complex requests.

7) Mandatory or optional nature of data provision and consequences of any failure to communicate these data - The provision of personal data and sending of a CV are optional but, without them, an expression of interest cannot be submitted.

For more information, please e-mail urp@areasciencepark.it
