TRACCIA 1

"What are the challenges and limitations of combining data from genomics (DNA-seq), RNA-seq, epigenomics, and metabolomics studies?"

TRACCIA 2

"What are the potential problems and limitations of using a liquid handling robot to prepare and sequence small RNA libraries?"

TRACCIA ESTRATTA

TRACCIA 3

"What are the challenges and limitations of third-generation sequencing technologies? How do you select the most appropriate library preparation and sequencing methods for your project?
